EPISODE SIX

TELECINE 1:

SUPOSE CAM: Opening
Titles:

1. INT. SKYBASE JAEGER'S LAB. DAY.

(JAEGER AND DOCTOR
WHO AT THE CONTROLS.
THE MARSHAL HAS
JUST ENTERED)

MARSHAL: You will continue to
operate this device for me, until
Solos has an atmosphere breathable
by humans ... and only humans.

DOCTOR WHO: (FLATLY) No.

MARSHAL: Very well. (TO A GUARD)
Bring in Miss Grant.

(JO IS SHOVED IN.
THE MARSHAL DRAWS
HIS BLASTER)

Now then Doctor

(SUDDENLY, A
TANNOY VOICE)

VOICE: Attention Skybase. Attention
Skybase. This is the Investigator's
space shuttle Hyperion. We are about
to dock. I repeat - we are about to
dock.

(THE MARSHAL SWINGS
ROUND IN RAGE AND
SURPRISE)

DOCTOR WHO: Well Marshal, your
superiors have arrived. What are you
going to do now?

MARSHAL: (TO GUARD) Get her out of
here. Put her with the others
and hurry!

(JO BUNDLED OUT BY
GUARD: THE MARSHAL
TURNS TO DOCTOR WHO)

My threat still stands Doctor. Now -
shall we welcome the Investigator?

2. INT. SKYBASE. RADIATION CHAMBER. DAY.

(A BARE CELLAR-LIKE
ROOM. THE WALLS
FAINTLY GLOWING.

COTTON AND KY LOOK
UP:

A DOOR OPENS AT THE
TOP OF A STEEL
COMPANION-WAY, AND
JO IS SHOVED DOWN
THE STEPS BY THE
GUARD.

THE DOOR CLINGS
SHUT)

COTTON: Are you all right?

JO: I think so.

COTTON: What's happening?

JO: The Investigator's arrived.

KY: And the Marshal?

JO: From what I could gather, he's
taken the Doctor to meet the
Investigator.

KY: Then my people can expect justice
at last?

COTTON: Doubt it.

KY: Why not? Surely the Doctor -

JO: Why do you think we've been shoved down here? We're hostages Ky, To make sure the Doctor says the right thing.....

COTTON:(GOING TO HER) Come on - best to stay away from those walls -

JO: Why? What is this place?

COTTON: We're in the re-fuelling lock. Next to where we store the active thaesium - that's what makes the walls glow.

JO: Thaesium?

COTTON: Nuclear fuel miss. We use it to power Skybase, space-ships practically everything.

KY:(WIPING AWAY SWEAT) How dangerous is it, this radiation?

COTTON: Safe enough for a short time. Stay here too long though and - well, it builds up.

JO: How long is the Marshal going to keep us here?

COTTON: Who knows - don't suppose he's worried - wait a minute. Re-fuelling!

JO: What is it?

COTTON: The shuttle - of course!

KY:(MYSTIFIED) What? What do you mean?

COTTON: They'll need to refuel Hyperion the Investigator's shuttle ... They should be putting a probe out any time now - we could get out through that!

TELECINE 2:MODEL SHOT

The tiny shuttle docked
against the huge underside
of Skybase.

A flexible probe starts
to emerge from the shuttle,
and with agonising slowness
moves towards the underside
of Skybase.....

END TELECINE 2.3. INT. SKYBASE. MARSHAL'S OFFICE. DAY.

(THE MARSHAL PACING UP
AND DOWN. DOCTOR WHO
SEATED BETWEEN TWO
EARTH CONTROL SECURITY
GUARDS. THEY ARE
WEARING WHITE HELMETS
WITH "E.C.S" STENCILLED
ON THEM -

E.C.S. GUARDS ON THE
DOORS ALSO .. THE MARSHAL
APPROACHES THEM)

MARSHAL: How much longer am I
supposed to run Skybase with all my
crew suspended from duty?

(THE E.C.S MEN REGARD
HIM WITH STONY FACED
SILENCE)

Out of my way - I refuse to be treated
like a ... like a ...

DOCTOR WHO: Criminal?

(THE MARSHAL
WHEELS ROUND)

MARSHAL: I'm warning you Doctor -

(THE DOOR OPENS BEHIND
THE MARSHAL: ENTER
THE INVESTIGATOR:
TALL, WHITE-HAIRED,
VERY SOPHISTICATED-
LOOKING ...)

INVESTIGATOR: My apologies Marshal -
and who is this -

(INDICATING
DOCTOR WHO)

MARSHAL: This is the Doctor - as
I'm sure you know.

INVESTIGATOR: Your scientific
adviser?

MARSHAL: (TAKEN ABACK) What? But -
surely you know one another?

INVESTIGATOR: Should we?

DOCTOR WHO: Perhaps I can explain.

INVESTIGATOR: Yes, perhaps you could...
In due course. (TO THE MARSHAL) I
have read your report Marshal. I should
like to start this inquiry if I may by
considering certain matters arising
from it. You have been accused of some
very serious crimes, Marshal. Well?

MARSHAL: Surely Investigator you must
be aware that every colony commander
is faced with this kind of accusation.

INVESTIGATOR: Some ... And occasionally the accusations are justified. That is why I am here.

MARSHAL: Of course .. of course, of course you are .. (GATHERING HIS WITS) Solos has been beset by problems in recent months: an upsurge of nationalism, an outbreak of plague, constant and growing sabotage attacks, culminating in the assassination by terrorists of the Administrator on the very eve of Independence. It was at this point that I decided to impose martial law.

INVESTIGATOR: I see. How severe was this "martial law"?

MARSHAL: Rounding up of political suspects -

INVESTIGATOR: There are no records of any trials being held ...

MARSHAL: The prisoners were allowed to escape -

INVESTIGATOR: (LOOKING AT THE REPORT) By ... er ... Stubbs and Cotton?

MARSHAL: Yes.

INVESTIGATOR: Now deceased?

MARSHAL: Yes.

INVESTIGATOR: Continue.

MARSHAL: I took personal command of the operation and tracked the terrorists to their hideout in a disused mine area.

INVESTIGATOR: These would be ...
thoesium mines?

MARSHAL: Correct. I ordered the
area to be cordoned off and the
exits blown up.

INVESTIGATOR: And the natives inside?

MARSHAL: They were all mutts.

INVESTIGATOR: Muts?

DOCTOR WHO: (COMING TO THE MARSHAL'S ATTENTION)
He means they were all - ah - plague
victims. They used the caves as a
refuge.

MARSHAL: The terrorists took advantage of their unfortunate compatriots.
I had no alternative.

INVESTIGATOR: And thousands,
presumably, died as a result of your
actions.

MARSHAL: Unfortunately. But their
condition was incurable. And I
couldn't risk allowing the plague to
spread.

INVESTIGATOR: (LOOKING AT NOTES)
Muts, you say?

DOCTOR WHO: Mutant Natives, the ...
local term. Medically, accelerated
genetic metamorphosis -

INVESTIGATOR: (SOURLY) I see ... You
are a Doctor I take it?

DOCTOR WHO: Yes.

DSH

INVESTIGATOR: Qualified in ...?

DOCTOR WHO: Practically everything.

INVESTIGATOR: Mmm ... Well, "Doctor" - would you agree with the Marshal's diagnosis that the condition of these - mutts' - was incurable?

(PAUSE: THIS IS THE
KEY QUESTION ...)

DOCTOR WHO: Yes. Yes, it was.

TELECINE 3:

MODEL SHOT:

The Hyperion probe now
about to connect with
Skybase ...

END TELECINE 3:

4. INT. SKYBASE RADIATION CHAMBER. DAY.

(JO, KY AND COTTON IN THE
CENTRE OF THE ROOM)

JO: Look, the walls.

(THE WALLS ARE STARTING
TO GLOW MORE VIVIDLY)

COTTON: Not long now - Now - sure
you've got it straight miss? Any
minute now, Hyperion's fuel probe will
come through there. (INDICATING)
We've got about thirty seconds before
live thaesium starts flooding through
there (INDICATING THE OTHER SIDE OF
CHAMBER) Okay?

(JO GLANCES AT KY WHO IS
SHIVERING AND SWEATING
PROFUSELY.)

JO: If we don't get him out of here
soon - it'll be too late...

COTTON: (SUDDENLY) Stand back Miss -

(HE PULLS THEM BOTH BACK
AS A WALL PANEL SLIDES
BACK AND THE PROBE WAVERS
ABOUT, THEN CLICKS INTO
PLACE.

THE PROBE ITSELF IS A
METAL CYLINDER, ROUGHLY
THE SAME DIAMETER AS AN
OIL DRUM.

THE NOSE CONE SWINGS OPEN
REVEALING THE TUNNEL WITHIN)

This is it then. Get inside Miss.

JO: Inside?

COTTON: (SHARPLY) Move!

(JO SCRAMBLES IN:)

Fast as you can! Come on Ky.

(COTTON BUNDLES KY INTO
THE TUBE, THEN CLIMBS
IN HIMSELF AND SLAMS
THE NOSE CONE BEHIND
HIM:)

5. INT. MARSHAL'S OFFICE. DAY.

(A BRIEF MOMENT OF RECESS.
DR. WHO AND THE INVESTIGATOR
IN B/G., DISCUSSING PAPERS.

JAEGER ENTERS, AND
APPROACHES THE MARSHAL.
THEY TALK QUIETLY.)

JAEGER: Do you realize Hyperion's
started refuelling?

MARSHAL: Well?

JAEGER: Your prisoners are in the
fuel-lock. If they get caught in
the thaesium stream.....

MARSHAL: They'll be totally destroyed.
Convenient isn't it?

(EVEN JAEGER IS ABOUT TO
PROTEST, WHEN HE IS
SUMMONED.)

INVESTIGATOR: Professor Jaeger. The
committee will hear you now.

TELECINE 4:

MODEL SHOT:

Hyperion connected by the
swaying probe to Skybase.

END TELECINE 4:

DSH

5A. INT. HYPERION FUEL STORE. DAY.

(SIMILAR TO RADIATION
CHAMBER BUT SMALLER -
I.E. PART OF SAME SET
COULD BE USED.

JO SCRAMBLES OUT, THEN
KY, THEN COTTON, COTTON,
SHOVES THEM ALL CLEAR, AS,
WITH A GREAT ROAR AND
BLINDING WHITE LIGHT,
THE THAESIUM TRANSFER GETS
UNDER WAY..,)

COTTON: (POINTING TO A BULKHEAD DOOR)
Through there - quick or we'll be fried

(THEY RUSH THROUGH THE
BULKHEAD DOOR)

6. INT. SKYBASE CORRIDOR.

(A SIGN READS 'DOCKING SECTION
AIRLOCK' A DOOR OPENS.
REVEALING JO AND KY AND
COTTON EMERGING FROM THE
HYPERION AIRLOCK..)

JO: But - where are all the Guards?

COTTON: Worry about that later - come
on!

(THEY HURRY OFF DOWN
THE CORRIDOR...)

7. INT. MARSHAL'S OFFICE. DAY.

(JAEGER IS NOW GIVING
EVIDENCE)

INVESTIGATOR: Nevertheless Professor -
you were involved in experiments to
change this planet's natural atmos-
phere?

JAEGER: In the laboratory - yes,

INVESTIGATOR: The accusation is that
you mounted a massive operation to
convert the atmosphere to one breathable
by humans - but not by the native
population.

JAEGER: Nonsense -

INVESTIGATOR: - And further that these
experiments were the root cause of the
outbreak of mutations? Well?

JAEGER: I am a scientist...

(DOCTOR WHO CLEAPS
HIS THROAT)

...and I rest my case on scientific
proofs only. Your scientists have made
their own tests - the atmosphere of
Solos is exactly as it always was.
As for the mutts- as for the mutants,
I regret that so far we have found no
solution to the problem.

INVESTIGATOR: Thank you Professor.
You may step down...Gentlemen, we have
heard your evidence. In the absence
of evidence to the contrary -

(A SCUFFLE OUTSIDE
THE DOOR)

I have no alternative but to exonerate
you from blame and declare this
preliminary hearing closed -

(IN BURST COTTON AND
KY BRAWLING WITH TWO OF
THE E.C.S. GUARDS
...JO COMES THROUGH FROM
BEHIND AND RUNS TO
DOCTOR WHO:)

MARSHAL: Stop her! Stop her!

(BUT SHE GETS SAFELY
TO DOCTOR WHO. THE
MARSHAL THINKS OF
MAKING A RUN FOR IT
BUT REALISES HE HAS
NO CHANCE -)

INVESTIGATOR: What is going on here?
Who are these people?

(THE GUARDS NOW HAVE
COTTON AND KY PINIONED:)

DOCTOR WHO: These, Investigator, are
two missing witnesses...

(DOCTOR WHO TURNS TO JO)

Jo here...Miss Grant is my assistant.
Kept hostage -

MARSHAL: Lies, all lies -

DSH

DOCTOR WHO: Kept hostage to ensure my cooperation in this...travesty of justice. Investigator I accuse that man - and that man.

(POINTING FIRST TO JAEGER,
THEN TO THE MARSHAL)

of the most callous and brutal series of crimes against a defenceless people it has ever been my experience to encounter!

8. INT. GROUND TRANSFER STATION. DAY.

(DESERTED AT FIRST. THEN
SONDERGAARD APPEARS.
HE TRIES TO ENCOURAGE
THE MUTTS TO ENTER...
THEY ARE BOTH FRIGHTENED
AND AGGRESSIVE:)

SONDERGAARD: See there is nothing to fear -

(HE TRIES TO PULL THEM IN:
THEY SHOVE HIM OFF)

Look - I cannot help until I find the Doctor...

(THEY ARE STILL BACKING
AWAY NERVOUSLY: SONDERGAARD
PRETENDS TO GIVE UP...)

Very well. I shall go alone. And you will stay as you are now - forever.

9. INT. SKYBASE. MARSHAL'S OFFICE. DAY.

(DOCTOR WHO ACCUSING THE
MARSHAL)

DOCTOR WHO: You destroyed those poor
creatures in their thousands.

MARSHAL: They would all have died
anyway!

DOCTOR WHO: Not died - changed -

MARSHAL: It was my duty, my duty to
save Solos from contamination -

DOCTOR WHO: Duty! Your only duty was
to save the planet for yourself -

MARSHAL: They are mutants - mutts!
they are diseased, They must be
wiped off the face of the planet!

(SILENCE: WE REALISE
DOCTOR WHO HAS DELIBERATELY
PROVOKED THIS OUTBURST
FROM THE MARSHAL: HE
STANDS CONDEMNED OUT OF
HIS OWN MOUTH:)

DOCTOR WHO: Need I say more
Investigator?

(THE INVESTIGATOR CONFERS
WITH HIS SCIENTIFIC
ADVISER. THEN TO
DOCTOR WHO:)

INVESTIGATOR: Can you prove your assertion Doctor? Perhaps we could see these 'tablets' you mention?

DOCTOR WHO: Yes, or course...

(DOCTOR WHO REACHES INSIDE HIS COAT, STOPS SHORT.)

INVESTIGATOR: Well?

DOCTOR WHO: The tablets are in the care of Professor Sondergaard.

INVESTIGATOR: Ah yes... you mentioned him in your statement. Where is Professor Sondergaard now.

DOCTOR WHO: I'm not sure. Somewhere on the surface of Solos.

INVESTIGATOR: I see...and your other proofs that these mutations are not harmful?

DOCTOR WHO: I can only repeat -

MARSHAL: He can prove nothing - nothing!

DOCTOR WHO: Conclusive evidence exists -

MARSHAL: Where? Where is your proof?

DOCTOR WHO: This present mutation is one of a series of adaptive changes. Solos is moving out of spring into summer. That is why the Solonians are changing, Professor Sondergaard and I -

(THE DOORS BURST
OPEN ONCE MORE:
ENTER SONDERGAARD
IN CHARGE OF ONE OF
THE INVESTIGATOR'S
GUARDS:)

INVESTIGATOR: What is the meaning of this interruption? Who is this man?

(DOCTOR WHO RECOVERS
HIMSELF)

DOCTOR WHO: Investigator, this is Professor Songergaard. He has lived and worked on Solos for many years. He can tell you better than I what the Marshal has been doing on Solos.

SONDERGAARD: Doctor - I do not understand. What is happening here?

(HE LOOKS AT THE 'TRIAL'
IN AMAZEMENT)

DOCTOR WHO: We're holding a much needed investigation. Don't worry Professor Sondergaard. Tell the Investigator of our discoveries.

SONDERGAARD: (PULLING HIMSELF TOGETHER)
Ah yes - I am sure - The doctor must have told you of our work in the cave. He will have told you that we now realise what has caused so many of these mutations to go wrong -

INVESTIGATOR: wrong? But the Doctor has said it is a natural process - why wrong?

MARSHAL: There you see? Even Sondergaard admits it! The Mutants are evil and should be destroyed!

9A. INT. GROUND TRANSFER STATION. SOLOS. DAY.

(THE MUTTS ARE STILL
JABBERING AROUND
THE CUBICLE.

THE LEADER FINALLY
PLUCKS UP COURAGE
TO ENTER. THEN AFTER
A MOMENT HE JABS THE
RIGHT BUTTON AND
VANISHES)

9B. INT. SKYBASE RECEPTION/TRANSFER SECTION. DAY

(THE MUTT MATERIALISES
IN THE CUBICLE, STRUGGLES
OUT, AND LOOKING ROUND
SUSPICIOUSLY SETS OFF
DOWN THE CORRIDOR)

9C. INT. MARSHAL'S OFFICE. DAY.

(AS BEFORE)

SONDERGAARD: I beg you not to listen to this man. The mutants are not monsters. They are the native life form of this planet, undergoing a natural, inevitable change. This change however has been brought about prematurely by this man's rash and callous experiments...

JAEGER: That is a lie. Where is your evidence?

(THEY ARE INTERRUPTED
BY A HUBBUB FROM
WITHOUT. THE INVEST-
IGATOR GUARDS BREAK
AWAY FROM THE DOOR
IN PANIC. THE MUTT
ENTERS, ALL EXCEPT
SONDERGAARD AND DOCTOR
WHO REACT WITH HORROR.
A GUARD RAISES HIS BLASTER,
SONDERGAARD STRIKES IT
DOWN)

SONDERGAARD: No! There is nothing to be afraid of. The mutant is not dangerous unless you try to harm it.

MARSHAL: Vermin and worse than vermin.
They do not deserve to live!

SONDERGAARD: This is a rational intelligent creature....To kill it would be murder...

MARSHAL: Destroy it. We'll all be killed.

(THE GUARD AGAIN RAISES
HIS BLASTER AND THE
MUTANT, NOW PANICKY,
STRIKES HIM DOWN.

THE MARSHAL GRABS THE
BLASTER FROM ANOTHER
GUARD AND FIRES SHOT
AFTER SHOT AT THE MUTANT,
WHICH STAGGERS BACK THROUGH
THE MAIN DOOR, THE
MARSHAL FOLLOWS.)

10. INT. SKYBASE CORRIDOR. DAY.

(THE MARSHAL PURSUES
THE MUTANT THROUGH
THE DOORS AND FINISHES
IT WITH A FINAL BLAST.

THE INVESTIGATOR JOINS
THE MARSHAL, WHO ROUNDS
ON HIM)

MARSHAL: You see what I have to deal with,
More of those creatures may attack us.
I want my men released. Now! And you will
place your men under my command.

(SHAKEN, THE INVESTIGATOR
NODS)

INVESTIGATOR: (TO A GUARD) Release the
Marshal's men. Obey his orders during
this emergency.

(THE GUARD SALUTES
AND GOES....THE
MARSHAL SMILES GRIMLY
TO HIMSELF, BACK IN...
POWER AGAIN)

MARSHAL: You others, follow me...

(HE GOES BACK INTO
THE CONFERENCE
SUITE)

11. INT. SKYBASE. MARSHAL'S OFFICE. DAY.

(ENTER THE MARSHAL
FOLLOWED BY E.C.S.
GUARDS. MARSHAL
LOOKS ROUND. A GUARD
IS HOLDING A BLASTER
ON COTTON AND KY)

JAEGER: They've gone.

MARSHAL: What? Who?

JAEGER: Through there. The Doctor, his
assistant - and Sondergaard. These two
weren't quite quick enough.

(HE POINTS TO THE
DOOR)

MARSHAL: The Laboratory! After them!

(GUARDS RUSH OFF)

Seal off all exits - and put those two
back in the radiation chamber!

(GUARDS GRAB COTTON
AND KY)

JAEGER: But the radiation level. After refuelling it'll be far higher...

MARSHAL: That's the problem, isn't it? Take them away.

12. INT. SKYBASE. JAEGER'S LAB. DAY.

(SONDERGAARD AND JO
ARE SHOVING A HEAVY
BENCH ACROSS THE
LAB DOOR....THE
DOCTOR IS NEAR
THE PARTICLE REVERSAL
MACHINE, STUDYING
THE TABLETS)

SONDERGAARD: The crystal, Doctor - the one we found in the caves. You still have it?

DOCTOR WHO: Of course I have....

(DOCTOR WHO SEARCHES
THROUGH HIS POCKETS
...AND FINDS CRYSTAL.
THEY LOOK AT IT)

Now all we have to do is use the instructions here to formulate the serum.

SONDERGAARD: But even with this - that will take weeks.

(HAMMERING ON THE DOOR)

DOCTOR WHO: We don't have weeks - but we do have this - I can use it to accelerate the process - I think!

(THE DOCTOR BATS THE
PARTICLE REVERSAL
MACHINE: THE GUARDS
OUTSIDE START TO
BATTER THE DOOR. JO
ADDS HER STRENGTH
BY SHOVING AGAINST
THE BENCH)

JO: Quickly, Doctor -

(DOCTOR WHO PLACES
THE GLOWING CRYSTAL
IN THE PARTICLE
REVERSAL MACHINE AND
SWITCHES ON: CSO
EFFECTS OF BLEACH OUT,
RADIOPHONICS ETC....
AND THE CRYSTAL MELTS
AND FUNNELS AS A GLOWING
LIQUID INTO A PHIAL
HELD BY DOCTOR WHO:)

DOCTOR WHO: You take this Sondergaard -

SONDERGAARD: For Kv? But the thaesum
radiation - surely that is a vital part
of the process?

JO: There's thaesum radiation in the
chamber where they put us. Cotton said so.

(DOCTOR WHO AND SONDERGAARD
EXCHANGE LOOKS: SONDERGAARD
HIDES THE PHIAL)

DOCTOR WHO: What else can we do? We must
try it - if we can achieve a successful
mutation -

(THE DOOR SMASHES OPEN.
ENTER THE MARSHAL
FLANKED BY GUARDS. DOCTOR
WHO GRABS THE MACHINE AS
IF TO SMASH IT, BUT IS
ALREADY COVERED BY BLASTERS)

MARSHAL: Got away from that machine,
Doctor. (TO GUARDS) Put Sondergaard and
that girl in with the others...

(GUARDS TAKE OUT
SONDERGAARD AND
JO: DOCTOR WHO
LEAVES THE MACHINE
ALONE)

DOCTOR WHO: Managed to wriggle out of
trouble, have you?

MARSHAL: I am once again in full command
of Skybase, Doctor. A fact you will do
well to remember.

DOCTOR WHO: (IRONICALLY) Congratulations.
Well - what do you want?

MARSHAL: An oxygen atmosphere on Solos.
Nothing more - and nothing less. Your
friends will be confined in the radiation
chamber while you work. I'm afraid the
radiation is at a dangerously high level
at the moment - so you'd better hurry,
Doctor.

13. INT. SKYBASE. RADIATION CHAMBER. DAY.

(THE WALLS GROWING
MUCH MORE ANGRILY
NOW - COLOUR CHANGES
FROM GREEN TO RED
TO ORANGE TO WHITE
AND BACK...RADIO-
PHONIC CRACKLINGS AND
ZIZZES....

" COTTON AND KY HAVE
ALREADY SLUMPED
IN THE CENTRE OF
THE ROOM AS SONDER-
GAARD AND JO ARE
SHOVED DOWN THE METAL
STAIRCASE.....)

COTTON: (WITH DIFFICULTY, NURSING KY)
I'm afraid Ky's just about had it, Miss.

(KY IS COVERED IN SWEAT
AND TREMBLING AND
MCANING AND TWITCHING -
AND IN D.T.'S.....)

SONDERGAARD: (EXAMINING KY) How long
has he been like this?

COTTON: Started as soon as we got in
here. The first dose didn't do him much
good - now this lot on top....

SONDERGAARD: The first dose? Yes of
course. You were confined here before.

(SONDERGAARD CHECKS
THAT THE GUARD HAS
GONE)

Now. I must hurry. We may already be too
late....

(HE TAKES THE PHIAL
AND A SYRINGE FROM
HIS POCKET)

JO: What is it? What are you going to do?

SONDERGAARD: You hold the phial Miss
Grant -

(JO TAKES THE PHIAL

GRIMACING WITH
THE HEAT AND
RADIATION IT IS
GIVING OUT...

SONDERGAARD FILLS
THE SYRINGE WITH
AGONISING SLOWNESS...
THE ROOM NOW GLOWING
RED AND ORANGE:)

JO: (FEELING SICK AND DIZZY) Hurry....
please -

SONDERGAARD: I have to be -

(FEELS THE BACK OF
KY'S NECK - AND
INJECTS THE GLOWING
FLUID.....)

...careful....

COTTON: Now what?

SONDERGAARD: We wait.

COTTON: Can't wait too long -

(SUDDENLY KY'S BODY
BEGINS TO THRASH
ABOUT...)

SONDERGAARD: Hold him - hold him down.

(SONDERGAARD AND
COTTON DO SO:
JO PREPARES TO
WIPE THE SWEAT
FROM KY'S FACE)

Hold him Cotton.

(KY'S BODY STARTS
TO TWIST OUT
OF THEIR GRASP)

COTTON: I can't - I can't...

(KY BREAKS FREE FROM
THEM. HE BACKS AWAY
INTO A CORNER AND
WILL LET NEITHER
SONDERGAARD NOR COTTON
NEAR HIM....)

JO: Look....he'schanging!

(KY STARTS TO GO
MUTT BEFORE THEIR
EYES.....JO AND THE
OTHER WATCH AMAZED)

14. INT. SKYBASE. JAEGER'S LAB. DAY.

(JAEGER, MARSHAL,
DOCTOR WHO. DOCTOR
WHO IS STILL WORKING
AT RECONNECTING THE
PULLED-OUT LEADS...)

MARSHAL: Watch him Jaeger....It's about
all you're good for....so watch him like
a hawk.

(THE MARSHAL GOES TO
THE WINDOW TO LOOK
AT SOLOS BELOW....
A SMILE GROWS ON HIS
FACE AS THE 'MINE ALL
MINE' FEELING TAKES
HOLD....)

A SHOT OF DOCTOR WHO
WITH LEADS IN EACH
HAND.....A KNOCK ON
THE DOOR.....AS JAEGER
TURNS HIS BACK SO
DOCTOR WHO CHANGES OVER
THE LEADS AND PLUGS
THEM IN: WE SEE IT IS
THE INVESTIGATOR)

INVESTIGATOR: Marshal -

(THE MARSHAL
TURNS ROUND)

MARSHAL: (MOCKINGLY) Investigator?

INVESTIGATOR: Why have my men been
disarmed and confined to their quarters.
What's all this nonsense about not
allowing my ship to leave Skybase?

MARSHAL: No nonsense Investigator.
I think you and your crew will enjoy
your stay on Solos.

INVESTIGATOR: On Solos?

(On to page 30)

MARSHAL: Yes - as soon as the good Doctor here has finished his twiddling, Solos will find itself with a new atmosphere. You and the others will be the first settlers on... New Earth.

INVESTIGATOR: And you Marshal?

MARSHAL: I shall rule, from Skybase... Oh come on you didn't seriously think I would let you all go back to Earth Council. And accident will be reported. Lost with all hands" is the phrase.

INVESTIGATOR: Other ships will come from earth.

MARSHAL: There will be room for them. You should be grateful to help me... We'll begin a new earth... the centre of a new Empire -

DOCTOR WHO: It's alright Investigator, he's quite mad.

MARSHAL: No Doctor I told you - madmen lose. I have won. Solos is mine... Is your work finished Doctor.

DOCTOR WHO: Almost - and my companions?

MARSHAL: Will be released as soon as the job is done. I should hurry Doctor -

AD

15. INT. SKY-RISE RADIATION CHAMBER.
DAY.

(KY IS STILL IN
A CORNER OF THE
CHAMBER, EXCEPT
THAT NOW HE IS
STANDING STIFF
AND SEEMINGLY
DEAD....
THE RADIATION
NOW IS CONCENTRATED
ROUND HIM, LIKE
A HALO - THE
SAME SORT OF EFFECT
THAT THE DOCTOR
SAW WHEN HE
DISCOVERED THE
WINGED FIGURE
IN THE CAVE IN
EPISODE FOUR.

THE OTHERS ARE
WATCHING HIM FROM
ACROSS THE ROOM)

JO: (WITH DIFFICULTY) Why - why is
he drawing all the radiation?

SONDERGAARD: I don't know my child.
We can only watch - and hope!

(SUDDENLY THERE
IS A GREAT
FLARE OUT OF
RADIATION,
BLINDING THE
OTHERS, CSO
EFFECTS - AND
WHEN IT FINALLY
DIES DOWN, THE
OTHERS ARE LOOKING
IN AMAZEMENT
AT WHERE KY IS
STANDING.

(WE SEE WHAT THEY
SEE:

KY HAS NOW BECOME
"SUPER-KY" ... AN
IRIDESCENT GLOBE
A LIVING DUPLICATE
OF THE FIGURE THE
DOCTOR SAW IN THE
CAVE)

SONDERGAARD: It worked, thank
heavens, it worked -

COTTON: Worked?

JO: Ky..... Ky can you hear?

(KY NOW A
SYNTHESIZED
VOICE THEY HEAR
IN THEIR HEADS,
HIS LIPS DO NOT
MOVE)

KY: I hear you.

SONDERGAARD: Thought transference!
Wonderful, wonderful.....

COTTON: Yeah, marvellous - but can
he get us out?

KY: There is little I cannot do -
now. Ky thanks you Professor
Sondergaard. You have saved my people.

(BY NOW KY HAS
MOVED TO THE TOP
OF THE STEPS,
NOT BY WALKING
BUT BY TRANSFERENCE,
LIKE A HUMMING
BIRD IN FLIGHT)

You have shown me the way ... Goodbye -

JO: Ky!

(BUT KY HAS
FADED OUT THROUGH
THE DOOR - CSO)

COTTON: (DISGUSTED) Goodbye.
Great innit - just flashes off and
leaves us to it!

(AND SUDDENLY AS
IF SLAMMED BY AN
ENORMOUS FORCE,
THE DOOR AT THE
TOP OF THE
STEPS FLIES)

SONDERGARD: Out quickly. Help
Miss Grant -

(PAINFULLY THE
THREE OF THEM
MAKE THEIR WAY
UP THE STEPS
AND OUT OF SHOT)

16. INT. SKY-BASE CORRIDORS. DAY.

(A CSO EFFECT
HERE: KY
HURTLING ALONG
THE CORRIDORS LIKE
AN IRRIDESCENT BIRD -
BLURRED IN FLIGHT,
LEAVING A TRAIL OF
COLOUR BEHIND)

17. INT. SKY-BASE ANOTHER SECTION OF
CORRIDORS.

(TWO GUARDS
REACTING TO
WHAT THEY
SEE -- KY
ZOOMING TOWARDS
THEM. THEY
ARE SMASHED
SENSELESS AGAINST
THE WALLS BY HIS
PASSING)

18. INT. SKY-BASE JAEGER'S LAB. DAY.

MARSHAL: Are we ready?

DOCTOR WHO: Yes....

MARSHAL: Very well.

(THE DOCTOR PUTS
OUT A HAND TO
THE SWITCH)

DOCTOR WHO: You know you are about
to destroy a life-form unique in the
universe?

MARSHAL: Hurry Doctor. Hurry!

AB

DOCTOR WHO: (BOWING HIS HEAD) As
you wish -

(HE IS ABOUT
TO OPERATE THE
PARTICLE REVERSAL
DEVICE)

MARSHAL: Wait -

DOCTOR WHO: (SARCASTICALLY) Second
thoughts Marshal?

MARSHAL: I still don't trust you.
Jaeger -

(THE DOCTOR,
CONCEALING HIS
RELIEF, MOVES
WELL AWAY.

JAEGAR MOVES
FORWARD TO THE
PARTICLE REVERSER,
AND AT A NOD
FROM THE MARSHAL
SWITCHES ON...

THE APPARATUS
STARTS TO WARM
UP.

JAEGAR THROWS
A FEW MORE
SWITCHES.

THE DOCTOR
LOOKING ANXIOUS...

SUDDENLY THE
APPARATUS
STARTS TO WHINE
AND SMOKE AND
VIBRATE)

MARSHAL: (cont) Stop it Jaegar!

JAEGER: (SWITCHING AWAY LIKE MAD)
I can't - it's overloading -

DOCTOR WHO: (TO INVESTIGATOR)
Get down!

(BLAM! THE
MACHINE EXPLODES,
KILLING JAEGER...

THE LABORATORY
FILLS WITH
CHOCKING SMOKE:

THE MARSHAL
SPLUTTERS INTO
VIEW, BESIDE
HIMSELF WITH
RAGE AND
FRUSTRATION,
A BLASTER IN HIS
HAND)

MARSHAL: You have destroyed my
dreams, Doctor - now I shall destroy
you -

(AS HIS FINGER
TIGHTENS ON THE
TRIGGER KY
MATERIALIZES
IN THE DOORWAY.
HE STRETCHES
OUT HIS SLIVERY
HAND. A CSO
SPARK LEAPS OUT FROM
HIS FINGER TIPS.
THE BLASTER FLIES
FROM THE MARSHAL'S
HAND AND THE
MARSHAL TURNS TO
LOOK AT KY IN
TERROR.

KY: (VOICE AS BEFORE) Die Marshal.
Let there be an end to your torture
of my people -

(ANOTHER + LARGER -
SPARK ENVELOPES THE
MARSHAL. HE CSO'S
OUT OF EXISTENCE)

19. SKYBASE. MARSHAL'S OFFICE. DAY.

(DOCTOR, JO,
COTTON,
INVESTIGATOR
AND SONDERGARD
LOOKING ROUND THE
ROOM FROM ONE PLACE
TO ANOTHER)

DOCTOR WHO: (MOCK IRRITATION)
Ky, if you could possibly stop
shimmering about all over the place.

(KY MATERIALISES
STILL IRRIDESCENT
BUT NO LONGER
SEE-THROUGH. WE CAN
SEE AN IDEALISED
VERSION OF KY'S
FACE WITHIN THE
GLOBE)

KY: (SPEAKING) My apologies, Doctor.

DOCTOR WHO: Thank you... Now, Professor Sondergaard has agreed to stay with you On Soles, to see as many of your people as possible through to the stage you have achieved.

JO: What will happen the others - the nutts'?

DOCTOR WHO: They were premature mutations, you see. The cycle of changes was triggered off too soon..... like butterflies that hatch on a cold spring day.

JO: And now you can save them?

SONDERGAARD: Jo, we think so. Most of them. They will obey Ky now you see. and with the Doctor's serum... But there will be much work to do.

INVESTIGATOR: Doctor, what was the significance of the caves, 'the place of darkness' Why did the - mutants - head for the caves.

DOCTOR WHO: Thaesium.

(THE INVESTIGATOR
LOOKS PUZZLED)

SONDERGAARD: As the Doctor and I discovered, the thaesium radiation in the caves was necessary to complete the cycle... A chrysalis stage -

JO: So that's why Ky looked - dead. In the radiation chamber I mean.

DOCTOR WHO: Thaesium again you see. At a much greater intensity of course. That accelerated the genetic changes. And the serum Sondergaard injected stabilised the metamorphosis.

AD

JO: Yes.. I see. Simple Really,
isn't it?

(JO TURNS TO COTTON)

JO: What will you do now.

COTTON: Give Ky and Doctor Sondergaard
all the help I can. Try and clear up
some of the mess the Marshal made.
Then we'll all do something we should
have done a long time ago -

JO: What's that?

COTTON: Go home Miss. Back
to Earth.

INVESTIGATOR: Exactly! Cotton, you will
assume acting command of this
base pending its return to Earth.
(TO DOCTOR AND JO) I take it you'll
be leaving in Hypeion with me.
I still require a full account of
your involvement in this affair.

DOCTOR WHO: Well, yes, I suppose so.
Er... I wonder if you'd excuse us for
a moment. My assistant is feeling rather
faint.

JO: Me? Honestly Doctor, I'm fine now.
I was a bit shaken up at first but
now I'm.....

DOCTOR WHO: Now Jo, you know you've
been overdoing it. You look quite ill.

(HE HUSTLES JO
OUT, STILL
PROTESTING)

20. INT. SKY-RISE CORRIDOR. DAY.

(THE DOCTOR HUSTLING
JO ALONG. THEY
STOP BY A
DOOR)

DOCTOR WHO: There we are!

JO: Where?

DOCTOR WHO: The storage area where
we left the Tardis.

JO: Ah!

DOCTOR WHO: (TRYING THE DOOR)
Oh no! They've locked it again. Ah
well!

(HE GETS OUT HIS
SONIC SCREW-DRIVER
AND SETS TO WORK)

JO: More breaking and entering?

(THE DOCTOR LOOKS
AT HER. A SPURT
OF FIZZ AND THE
DOOR SWINGS OPEN.
THEY GO INSIDE.
THE DOOR SHUTS.

WE HEAR THE
START OF THE
DEMATERIALI-
SATION NOISE -
IT BUILDS UP -
THEN:)

VOICE: (OVER TANNY) Attention.
Attention. Computer confirms
malfunction in Storage Area Four -
investigate please, investigate please...
